Last weekend the infants held an Interkinder sports competition where they invited 7 other schools to come to our sports ground and play football and tennis. It was a very good event. It was a cool, windy day when we set off and then the sun came out and the wind get stronger. Gwen didn't think too much about the sun and by the end of the day had a very red face and she continued to glow for the rest of the week with the rest of school asking what happened to her face!!

News from Paraguay

NOVEMBER
2012

Greetings from Asuncion and its Spring heat. We've had a lot of rain this last week and so it's also very humid. The grass has grown so fast and needs cutting yet again.

We did manage to get all the sports days in though! The rain came down one day but stopped in time for the secondary to have their sports day the next day. They had a nice cool day and everything went well. The primary missed one Wednesday for their sports day and managed it the next week. It had clouded over by then but they managed to do all they needed and get away before the storm came.

At the beginning of October we had the diocesan synod. We were both invited, Mags to give the diocesan financial report and Gwen to give the school report. Mags was once more elected to the executive committee and returns to her role as diocesan treasurer.... A role she'd hoped to leave this year!! It was a very good synod and it was followed by a service in the cathedral on the Sunday. It was good to see the cathedral packed out and we had at least 4 languages spoken there.
