

Paraguay Prayers

Our winter holidays start on the 11th of July. We give thanks for a very good half year and for all our Bicentenary celebrations. Also for the Lord's guidance and protection on the school. We pray for the holidays that all the staff might be well rested after a very hectic half year. We pray for those travelling that they will be kept safe.

Our two volunteers (Jo and Zoe) leave us to return to University in the UK. Beth, our newest teacher also leaves us to go and work with street children here in Asuncion. Please pray for them all. Matthew and Kim Hicknott from Dublin join us in the holidays to work in school. Matthew to teach science in the secondary and Kim to help in both secondary and primary. They have two children, Ben and Sam, who will be pupils in the primary. Please pray for them all as they adapt to life in Paraguay.

We are now short of helpers in English and would value your prayers for more to be found either here in Paraguay or in the UK. Our reports are now all written although Gwen has most of them still to give out. That will happen on Monday, July 4th.

School officially re starts on July 25th but we are taking a training day to get people from the Ministry of Education to come and give their courses and so save us having to close school for 5 days in the year.

The Ministry of Education are still trying to decide whether to lengthen the holidays and start them early. This is becoming an annual problem as they often decide the day before and then insist we all close the schools due to the cold weather. It was down to 1°C this week and we all had classes. It's warming up slightly now. Please pray that we won't get our holidays affected as we have to make up time

later and change all our plans.

We are fine but had a close call with burglars recently when they must have reached our open kitchen door! They also ran over the roofs and were being shot at by the police as they ran! We praise the Lord for His protection which we were very much aware of at the time.

We will be taking the service in the chapel this Sunday. It's holiday time for the Americans and many of them will be away or leaving as they end their contracts. Please pray for the church as it reaches out to English speaking people many of whom come to find someone else who speaks English. Pray that the Lord will bring the people he wants in the church.

Love Gwen and Mags

Thankyou
for your
prayers
