**PERU** Please pray for Peru, especially the areas which have been effected by the floods and landslides due to the change in weather that has brought heavy rain. Some of the main cities in the north of the country have been flooded, bridges washed away, roads blocked and some areas have been cut off. Around 75 people have died as a direct result and thousands have been flooded out of their homes, or indeed seen them washed away. Please pray for those who have been effected.
