

LEADERS' CAMP

Since the start of term we have had yet more parents' meetings and they all seem to have gone well. The parents seem quite calm and happy with things. The 5th and 6th grades are out at camp now until Friday 28th. They went in the rain but it should be warming up.

Mags is back with her maths classes and says the pupils seem to be settling and working well. She went to 6th form camp last week which was to prepare the 6th formers to lead on other camps during the year. It went very well.

Cook for yourself

The storm yesterday was very bad and many people couldn't get across the city because of flooding on the roads (like the UK?!). We couldn't get out of the house for a while as the water from various streets meets in front of our house and then goes down a huge drain. It was under our gate and heading up the drive so we waited for it to go down as did many others in school. Still, it made for a nice, cool night with temperatures around 17°C which made a pleasant change from 40°C and more. I think this month has been one of the hottest ever with most days being over 40°C.

Splash

RAIN, RAIN AND MORE RAIN!!!

Opening service

We came back to school to find our science teacher announcing he was going back to the USA. It wasn't a good time as the timetable was all finished and now would have to be altered again. The physics teacher also said he was unable to come. We asked another teacher in school to take physics and she was happy with that, but it's taken a number of interviews to find a science teacher that could cope with books in English and was a Christian also. We now have a full staff and the timetable has been sorted out yet again!

Lots of new pupils are children of expupils

We are both fit and well. Our animals are in fine fettle too and there is the promise of a puppy in the next few weeks(we hope). He has to come from Uruguay and so is dependent on who can bring him!! Again, it's through friends that we are given these dogs.

Many thanks for all your support and prayers . They are much appreciated.

God Bless and lots of love,
Gwen and Mags
